Hicksville, NY 11801

Re: 100% Remedial Design Report  
Former Citizens Gas Works Manufactured Gas Plant (MGP) Site  
Brooklyn, Kings County, New York  
Site ID# C224012

Mr. Van Rossem,

The New York State Department of Environmental Conservation (the Department) has reviewed National Grid's November 2017 100% Remedial Design Report for the Former Citizens Gas Works MGP Site. Upon review, it has been determined that the comments from the Department's April 20<sup>th</sup>, 2017 letter are addressed. The Design Report satisfies the requirements of the remedial program and is hereby approved.

As discussed at the December 15<sup>th</sup> meeting in Albany, preparations should be made to ensure that the necessary gas tunnel work is completed in a timely manner to facilitate remedial construction activities. I may be contacted at 518-402-9589 or by email at [john.miller@dec.ny.gov](mailto:john.miller@dec.ny.gov) with any questions or comments.

Sincerely,

John B. Miller, P.E.  
Project Manager
